

# You're Invited... To Learn How To Survive A DOL Audit

With increasing budgets and resources, DOL enforcement activity is hitting U.S. employers hard and only getting stronger.

## LEARN HOW TO PROTECT YOUR COMPANY

An audit of health and welfare plans by the Department of Labor (DOL) can be a trying experience for any business. This stress can be particularly amplified when you have been striving to keep your health and welfare plans up-to-date with the voluminous requirements. The breadth of requirements creates many opportunities for errors to occur. The first step to successfully surviving an audit is knowing what to expect and being prepared.

Join us for an informative regulatory prevention update

*Presented by*

CAROLYN MCNAIRY, NAHU, ECFC, CFCI

TASC - Vice President of Compliance Services
